## COUNTY SCHOOL TAX LEVY

Supt. J. L. Brown Makes Statement Relative to Raising Assessment from 2 to 4 Mills.

different districts:

Special Correspondence. Provo, Utah Co., April 1,-County Superintendent of Schools James L. Brown has made the following statement on the question of the county school tax levy, which M. Brown and the school trustees desired to have raised from 2 to 4 mills:

"This matter was fully discussed at a recent meeting of the school trustees of the country, where a report of the fin-ancial condition of the different districts was given. It was found that a number of the smaller districts had a great advantage over the others, due to the fact that a large part of the corporate property of the county is located in those districts, as was shown by the following report giving the corporate property and school population of the

"It will be seen by the above that nearly one-half of the corporate property is located in the following districts: Thistle, Clinton, Tucker, Colton and Mt. Nebo, with a total school papulation of only 238, while Benjamon Lake Shore, Alpine, Mapleton, Highland and Salem, with a total school population of 1,168 have little or no corporate property. The support of the schools in these districts is a heavy ourden upon the people.

"To raise the county levy 2 mills, and lower the district levy of the larger districts 2 mills will not materially af fect the larger districts and will be of great assistance to the poorer-districts.

The school boards of larger districts, including Provo city, have assured the commissioners that, if they will raise the county levy 2 mills, the boards will lower the district levy 2 mills, so 9 per cent of the people will pay the tax while material advantage will come to over 6,000 school children of the county. The extra burden will fall on the small wealthy districts, where corpor ations pay from 75 to 90 per cent of the

The interest of our public free school system is to give to every child in the state as far as possible good school privileges. Surely the carrying out of this intent demands that the county levy be kept at a maximum and the district tax at a minimum in a county where from a local district tax less than 3 per cent of the school population draws support from nearly 59 per cent of the corporate property, while from a county levy every child draws an equal support.

#### A BIG SNOWSLIDE.

A snowslide came down Provo canyon yesterday above the Telluride Power company's plant at the place where Mr. Ferguson was killed by a snowslide several years ago. This time no life was lost and comparatively little damage was done. The water in the river was all dammed off for several hours and the railroad track is covered to a depth of 50 or 60 feet for a distance of about 400 feet. A big force of men are at work clearing the track for the railroad ompany, and in the meantime passengers on the Heber branch are being ransferred at the slide.

PETERSON NOT COMMITTED.

Peter Peterson, the young Armenian, which he today said was his national-ity, was examined before Judge Booth by Doctors Westwood and Robison as to his sanity and the doctors decided that his mind was not affected, at least not sufficiently to warrant his commitment to the mental hospital. Peterson, however, to a layman appears to be mentally unbalanced. He refused to leave the courtroom for several hours after he was discharged, and would not even go to get something to

cat. He said he would like some food f it was brought up to him. He nsisted that Judge Booth would have take care of him, now that he was rought here, and that the judge should get him a ticket to Macedonia. Deputy Steriff Graham finally persuaded him to leave the room and to go to the de-lot with him, where Mr. Graham made arrangement to get a ticket for Petercon. But all of a sudden Peterson ran away and came back up town. He was afterwards seen near the asylum. His conversation and actions, while in he courtroom after his examination and while with Mr. Graham, certainly belicate that he is insane or a very

OPEN LETTER TO COMMISSION-

The Republican city committee of Wellsville has issued an open letter to Messrs. Brig. Hendricks and C. L. Anderson, Republican commissioners of Cache county, sharply taking them to task for appointing a pronounced Democrat to the office of road supervisor of that precinct, and ignoring the recom-mendations of the committee for the appointment of a capable man, a heavy taxpayer and a staunch Republican. The lengthy protest closes with the following paragraph:

wish to impress upon you that we of the rank and file have political party rights; that you have infringed on these rights, and that we resent both the infringement and the manner of it. We demand that in future local appointments of a party nature we be consulted, and always providing we recommend, as we did in the instance under dispute, persons of the highest per-sonal character, fully competent to fill the positions, and not least, staunch and loyal Republicans, that you accept our recommendations.
